Welcome Message

Message from TIC's Desk:

We are very pleased to publish the first issue of Newsletter 2024. We appreciate the work of the Newsletter support staff and members. We thank all contributors for their timely and informative articles, which greatly enriched the newsletter. This issue covers academic and non-academic events from July to November. We hope readers will enjoy it. We wish you a very Happy New Year 2025 in advance, with good health and success in your professional endeavours. Best wishes,

Mr. Gopal Chakraborty
Teacher-in-Charge, Department of Basic
Science & Humanities, GKCEM.

Message from Editor's Desk:

Dear Readers, Welcome to the December edition of newsletter where we are excited to share our events, achievements, workshops organized by our Basic Science & Humanities Department. Stay connected with us to acknowledge our departmental excellence.

Mr. Gopal Chakraborty, Ms. Subarnarekha Pal,
Faculty of Department of Basic Science &
Humanities, GKCEM.

About BS&HUM

Basic Science and Humanities department (BS&HU) comprises of Physics, Chemistry, Mathematics and English. The aim of the department is to impart students a sound knowledge of the theory of subjects like Mathematics, Physics Chemistry & English with exposure to practical knowledge through laboratories and field study. The department of BS&HUM at GKCEM has an excellent infrastructure and state-of-art labs with a teaching faculty of the best kind ensuring quality education. The department has highly qualified faculty with rich teaching & research experience. Department of BS&HUM extends the hands to students to access themselves into the world of creativity and innovation.

Irrespective of their subjects and stream specialization, it helps them to be a person of right attitudes to make our Nation proud. The department provides fundamental knowledge to the students along with innovative ideas to achieve their career goals keeping concern about the present environmental needs. We encourage regular interaction among students, parents and staff, along with a strong mentoring cell which works full time for a bright future for the students.

17th
Foundation
Day
Celebration

6th August, 2024

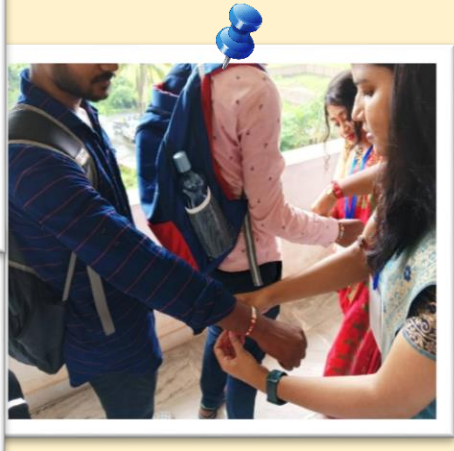

BS&HUM Dept. plays a very important role to organize & celebrate this foundation day. Celebration commenced by paying tribute to our beloved Babuji-Late Sardar Jodh Singhji, Founder-JIS Group followed by a cultural programme. A free eye check-up camp was organized in association with Lions Calcutta Greater Medicare Centre, Lions Club of Calcutta Altruist where more than 50 numbers of boys and girls of different ages are benefited from this camp. The program ended with the cake-cutting ceremony.

Fresher's Welcome Ceremony

BS&HUM Dept. welcomes the budding technocrats of the 1st year B.Tech from various departments for the academic year of 2024-25 on the occasion of Rakhi Purnima. After Inaugural speech by Prof. Mahuya Das, Pincipal GKCEM the new students performed songs, and dances along with the students of the organizing committee of Fresher's welcome ceremony. This cultural programme fulfils the need for introduction and interaction amongst the new and the persisting students of the college.

Student Induction Programme-2024

19th August to 8th September, 2024

BS&HUM Dept. organized this Three Week Student Induction Programme for the newly admitted students. Purpose of Student Induction Programme is to help new students adjust and feel comfortable in the new environment, inculcate in them the ethos and culture of the institution, help them build bonds with other students and faculty members, and expose them to a sense of larger purpose and self-exploration. SIP programme compiled with various kind of events like photography workshop, cultural competition, panel discussion, yoga, friendly football match, Counselling session, local area visit and motivational talk by eminent guests.

Industry Visit

BS&HUM Dept. organized an Industrial Visit at Parle-G Company of Bhagwati Foods Pvt. Ltd. at Dhulagori, Howrah on 12th September 2024. The Visit was coordinated by Mr. Gopal Chakraborty, Asst. Prof. Dept. of Physics, Mr. Subhasis Saha, Asst. Prof. Dept. of Mathematics & Mr. Sanjay Misra, TA Dept. of Physics.

School Visit

BS&HUM celebrated National statistics Day 2024 in association with Mathematics Club of GKCEM on 28th June, 2024 at Majilpur J.M. Training School. Programme was coordinated by Mr. Subhasis Saha, Asst. Prof. Dept. of Mathematics, Dr. Biswajit Gayen, Asst Prof. Dept. of Chemistry & Mr. Sandeepan Saha, Asst. Prof. dept. of CE.

One day
Workshop
and Lab
visit at
CGCRI

6th November, 2024

Visit at CSIR-Central Glass & Ceramic Research Institute (CGCRI)

The visit was organized by the Department of Basic Science & Humanities in association with Institution's Innovation Council for the purpose of attending the Curtain Raiser Program under the banner of India International Science Festival (IISF) 2024 and coordinated by Mr. Gopal Chakraborty, Asst. Prof Physics Dept., Dr. Biswajit Gaven. Asst. Prof Chemistry Dept and Dr. Somdutta Pal. Asst Prof. Dept. of ECE.

This Diwali, I had the privilege of visiting an old age home, and the experience was profoundly moving. We performed, shared sweets, and celebrated the festival of lights with the residents, turning a simple gesture into a day filled with smiles and warmth.

What struck me most was their gratitude and the bittersweet realization of how deeply they value connection. As we said our goodbyes, I couldn't help but reflect on the importance of companionship, especially for those who feel forgotten.

"Loneliness isn't the absence of people—it's the absence of connection." Let's strive to create meaningful connections and brighten lives, not just during festivals, but every day.

A Diwali... Well Spent

Sattik Mondal

1st Year B.Tech

Starting my journey at Greater Kolkata College of Engineering and Management has been a rollercoaster of excitement and learning. It feels like a new chapter in my life, where every day brings fresh challenges and opportunities.

When I first stepped into the campus, I felt nervous but also excited. The beautiful surroundings and welcoming environment made me feel comfortable. Meeting new friends from different places and backgrounds was one of the best parts of the beginning. It taught me how to communicate better and understand others. The classes are interesting, especially when we learn about programming. Coding is like solving puzzles, and every time I solve one, I feel so proud of myself! Our professors are very helpful. They explain topics clearly and encourage us to ask questions, which makes learning easier and fun.

Apart from studies, I have also enjoyed participating in extracurricular activities. The college organizes events and competitions that help us relax and bond with our classmates. These events make me feel more connected to the college. One of the most memorable moments was visiting the library. It is a quiet and peaceful place where I can focus on my studies. I found many books that inspire me to learn more about computer science.

Overall, my experience as a 1st-year student has been amazing. I am grateful for the chance to grow, make new friends, and work towards my dreams. I am excited about the future and ready to face all the challenges that come my way.

My Journey as a B.Tech Student
